

TOOTHMATRIX PRACTICE · DENTAL PRACTICE MANAGEMENT

FOR DENTAL CLINICS · FREE FOREVER

Every scan. One inbox. Zero chaos.

Send intraoral scans to your dental laboratory, track every order live and chat with the technicians — from one portal, with any scanner.

- ✓ Works with your scanner — 3Shape · DS Core · Medit · Shining 3D, or manual STL / DICOM / PLY upload
- ✓ Live order tracking — accepted → in lab → ready → delivered, with email updates
- ✓ Direct lab chat — shade and margin questions answered on the order, not on WhatsApp
- ✓ No expiring links — files stay attached to the case, always retrievable
- ✓ Free for practices — no licences, no per-user fees, no storage caps

Scan to register your practice
toothrocket.com/practice/register

FREE FOREVER · NO FEES

01

Register

Two-minute form — practice name, contact and your scanner brand.

02

Get your portal

The lab approves you and emails a private portal link — usually within one business day.

03

Scan & send

Upload the scan, add the prescription, press send. Track everything live.
